SECTION 1: PRODUCT AND COMPANY INFORMATION

PRODUCT NAME: Wipes Plus Heavy- Duty Cleaning wipes

RECOMMENDED USE: Degreaser Wipes

ITEM NUMBER: 37667

DISTRIBUTED BY: CFS Brands dba Wipes Plus
4711 E Hefner Rd
Oklahoma City, OK 73131

INFORMATION LINE: INFOTRAC: 1-800-535-5053 North America Monday – Friday 8:00 a.m. – 6:00 p.m. CST

INFOTRAC: 1-352-323-3500 International

SECTION 2: HAZARDS IDENTIFICATION

Classification Hazard Class	Category
Eye Damage/Irritation	1
Carcinogenicity	2

Label Elements

Hazard Symbols

Signal Word(s): Danger

Hazard Statement(s): **H**318: Causes serious eye damage
H351 Suspected of causing cancer.

Precautionary Statement(s): P201 Obtain special instructions before use.
P202 Do not handle until all safety precautions have been read and understood.
P280 Wear eye protection.

Response: P305+P351+P338: If in Eyes: Rinse Cautiously with Water for Several Minutes. Remove contact lenses if easy to do. Continue rinsing. P310 Immediately call a poison center or doctor.
P308+P313 If exposed or concerned: Get medical advice.

Storage: P405: Store locked up.

Disposal: P501: Dispose of contents/container as per local & state regulations.

SECTION 3: COMPOSITION

Chemical Name	CAS #	% Wt. Composition
DI Water	7732-18-5	90-95
Benzyl Alcohol	100-51-6	0.1-<1
Salicylic Acid	69-72-7	0.1-0.2
Cocamide Diethanolamine	68603-42-9	0.1-0.5
Linear alcohol ethoxylate	68439-46-3	1-5
Tetrasodium EDTA	64-02-8	0.1-1

The exact percentage (concentration) of composition has been withheld as a trade secret in accordance with paragraph (i) of §1910.1200.

SECTION 4: FIRST AID MEASURES

First Aid Measures

Inhalation: Not a normal route of exposure. If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a POISON CENTER/doctor/physician if you feel unwell.
Eye Contact: In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lenses, if worn. Get immediate medical attention.
Ingestion: May result in obstruction and irritation if ingested. If large amounts of liquid are swallowed seek medical attention immediately.

Most Important Symptoms and Effects (Acute and Delayed)

Inhalation: May cause respiratory tract irritation.
Eye Contact: Causes severe irritation and possible damage. Symptoms may include pain, excess blinking and tear production, with marked redness and swelling of the conjunctiva.
Ingestion: May be harmful if swallowed. May cause stomach distress, nausea or vomiting.

Indication of any Immediate Medical Attention and Special Treatment Needed: Seek immediate medical attention for eye contact.

Note to Physician: Treat symptomatically.

SECTION 5: FIRE & EXPLOSION HAZARD DATA

Extinguishing Media

Use media that is suitable for the surrounding fire.
Unsuitable: None known.

Specific Hazards Arising from Chemical

None known

Protective Equipment and Precautions for Firefighters

Keep upwind of fire. Wear full fire-fighting turn-out gear (full Bunker gear) and respiratory protection (SCBA) for all fires involving chemicals.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Personal Precautions, Protective Equipment, and Emergency Procedures

Personal Precautions: Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel.

Environmental Precautions: See Section 12 for ecological information.

Methods and Material for Containment and Cleaning Up

Absorb with an inert absorbent, then place in suitable container. Do not flush to sewer or allow to enter waterways.

SECTION 7: HANDLING & STORAGE

Precautions for Safe Handling: Do not get in eyes. Avoid prolonged skin contact. Avoid breathing mists. Do not swallow. Handle and open container with care.

General Hygiene Advice: Launder contaminated clothing before use. Wash hands before eating, drinking, or smoking.

Conditions for Safe Storage, Including any Incompatibilities

Storage Conditions: Keep locked up and out of the reach of children. Keep container tightly closed.

Incompatible Materials: N/A

SECTION 8: EXPOSURE CONTROLS/PERSONAL PROTECTION

Control Parameters Exposure Guidelines:

Chemical Name	ACGIH TLV	OSHA PEL	NIOSH IDLH
Benzyl Alcohol	None Established	None Established	None Established
Salicylic Acid	None Established	None Established	None Established
Cocamide Diethanolamine	None Established	None Established	None Established
Linear alcohol ethoxylate	None Established	None Established	None Established
Tetrasodium EDTA	None Established	None Established	None Established

Appropriate Engineering Controls

Use ventilation adequate to minimize exposures levels.

Individual Protection Measures

Respiratory Protection: In case of insufficient ventilation, wear suitable respiratory equipment. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

© 2025 CFS Brands. All rights reserved.

Protective Gloves: Wear impervious gloves if needed to avoid prolonged skin contact.

Eye Protection: Wear chemical goggles if eye contact is possible.

SECTION 9: PHYSICAL & CHEMICAL PROPERTIES

Physical State:	Solid
Odor:	Citrus saturated with Clear or Opaque Liquid
Color:	White wipe
pH:	4-7 Liquid
Melting point/freezing point:	Not determined
Initial boiling point and boiling range:	Not determined
Flash point:	N/A
Evaporation rate:	Not determined
Flammability:	Non-Flammable
Vapor pressure:	Not determined
Relative vapor density:	Not determined
Relative density:	1.0 to 1.1 (liquid)
Solubility(ies):	Soluble in water
Partition coefficient (n-octanol/water):	Not determined
Auto-ignition temperature:	Not determined
Decomposition temperature:	Not determined
Kinematic Viscosity:	Not determined
Particle Characteristics:	Not applicable

SECTION 10: STABILITY AND REACTIVITY

Reactivity: Not reactive under normal conditions.

Chemical stability: Stable under recommended storage conditions.

Possibility of hazardous reactions: None under normal use.

Conditions to avoid: Heat. Incompatible materials. Sources of ignition.

Incompatible materials: None known

Hazardous decomposition products: None known

SECTION 11: TOXICOLOGICAL INFORMATION

Information on Toxicological Effects

Likely Routes of Exposure: eye contact, ingestion

Information Related to Physical, Chemical, and Toxicological Effects

See section 4 of this SDS.

Delayed and Immediate Effects as well as Chronic Effects from Short and Long-term Exposure

Carcinogenicity: **NTP:** No **IARC:** Yes **OSHA:** No

Cocamide Diethanolamine is classified as a 2B carcinogen by IARC.

Numerical measure of Toxicity

Product	
Dermal	>2000 mg/kg
Oral	>2000 mg/kg
Inhalation	>5 mg/L (as mist)

© 2025 CFS Brands. All rights reserved.

Component Information:

Chemical Name	Oral LD50	Dermal LD50	Inhalation LD50	
Benzyl Alcohol	1200-1600mg/kg (Rats)	2000mg/kg (Rabbits)	>4178mg/m3(4 hrs. Rats)	
Salicylic Acid	819mg/kg (Rat)	>2000mg/kg (Rat)	>900mg/m3(1hr Exposure, Rat)	
Cocamide Diethanolamine	>2000mg/kg (Rat)	>2000mg/kg (Rat)	N/A	
Linear alcohol ethoxylate	1400mg/kg (Rat)	>5000mg/kg (Rat)	No data available	
Tetrasodium EDTA	1780mg/kg (Rat)	No data available	No data available	

SECTION 12: ECOLOGICAL INFORMATION

Persistence and degradability: Not established

Bioaccumulative potential: Not established

Mobility in soil: No additional information available

Other adverse effects: No additional available

SECTION 13: DISPOSAL CONSIDERATION

Dispose of the product and container in accordance with all applicable local, state, and federal regulations. The generation of waste should be avoided or minimized whenever possible. Handle empty containers with care because residual vapors are flammable.

SECTION 14: TRANSPORT INFORMATION

DOT (Ground): Not regulated

ATA (Air): Not regulated

IMDG (Vessel): Not regulated

SECTION 15: REGULATORY INFORMATION

SARA 311/312: Refer to Section 2 for the OSHA Hazard Classification

Clean Water Act: This product does not contain any substances regulated as pollutants pursuant to The Clean Water Act (40 CFR 122.21 and 40 CFR 122.42

© 2025 CFS Brands. All rights reserved.

CERCLA: This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material.

California Prop 65:

WARNING: This product can expose you to chemicals including coconut oil diethanolamine condensate, which is known to the State of California to cause cancer and methanol, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

All ingredients in this product are listed or are excluded from listing on the US Toxic Substances Act (TSCA) Chemical Substance Inventory.

SECTION 16: OTHER INFORMATION

Issue Date: January 27, 2026
Revision Date: April 15, 2026

DISCLAIMER: This information relates onto to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. The information and recommendations contained herein are to the best of the manufacturer's knowledge and belief accurate and reliable as of the date indicated. No representation warranty or guarantee, however, is made with regards to accuracy, reliability or completeness. Conditions of use of the material are under the control of the user; therefore, it is the user's responsibility to satisfy itself as to the suitability and completeness of such information for its own particular use. Appropriate warnings and safe-handling procedures should be provided to handlers and users.
