HANOVER®

Wooden Storage Sheds

Say goodbye to outdoor clutter and keep everything organized in one place! Our line of modern wooden sheds provide solutions for your storage issues ranging from storing tools and gardening supplies to keeping unsightly trash bins out of sight.

The storage sheds have shelving to help make the most of your space and a waterproof asphalt roof to keep everything dry, while our trash and recyclables bin storage sheds provide multiple points of access for ease of use and a ventilated design to neutralize odor. Each piece in the collection comes with a locking latch to keep your possessions safe and pests out. The latch is compatible with most combination and keyed locks (padlock NOT included). All sheds are constructed with durable and sturdy natural fir wood to last for many seasons.

For all of your outdoor storage needs, depend on quality products from Hanover.

Features

- Sturdy, solid fir wood construction
- Locking latch is compatible with most combination and keyed locks (padlock not included)
- Utility sheds have waterproof asphalt roof
- Made with non-toxic materials
