WORLD DRYER

SMARTdri

Speed that's Smart

For those who want it all in a simple design, SMARTdri is a wise choice. It dries hands within 10 seconds, which is fastest on the market. It's energy efficient, durable, hygienic, and flexible. Users appreciate the antimicrobial technology, warm air flow, and quiet sound quality. Contractors find it easier to install with control options suitable for any application. And while it may be compact, you can expect it to withstand a high-demand environment.

- Fast performance dries hands in as little as 10 seconds
- Advanced technology uses up to 80% less energy than conventional models
- Hygienic antimicrobial technology enhances sanitation
- On/off heating and three speeds control sound, comfort and efficiency
- Single-port (SMARTdri Plus) or multi-port nozzle (SMARTdri) accommodate ranging air dry preferences
- Motor lasts up to 3 times longer than comparable models
