welding chemicals inc.

SUPERIOR ANTI-SPATTERS

TECHNICAL DATA SHEET

APPLICATION

High-quality WCI™ Superior Welding Wire Lube Pads for cleaning of welding wire before wire-feed unit. Each pad comes complete with a custom made clip for secure adherence to welding wire. For non-aluminum wire applications, use SWW-LP Lubricated Pads. For aluminum wire applications, use SWW-NT Untreated Pads.

SWW-LP SUPERIOR WELDING WIRE LUBRICATED PADS

FEATURES / BENEFITS

Ready-to-use pads save time and money by quickly and securely clipping on to wire feed units before liner conduit entry. By cleaning welding wire prior to use, WCI™ Superior Welding Wire Lube Pads reduce liner friction through improved feed, decrease back burn and optimize welding operations. Pads can be re-lubricated for extended pad life.

COMPOSITION / PACKAGING

SWW-LP ready-to-use pads are formulated silicone-free, using high quality, vendor certified, raw materials. Product is noncorrosive, does not contain chlorinated solvents or flammable materials in the formulation.

WCI ITEM	BARCODE	TYPE	QUANTITY	PACKAGED
SWW-LP-6	81004830-009	lubricated pads	12 packs per carton	6 pads per pack

SHELF LIFE

Five years from date of manufacture. Lot number is in human readable form (YYYYMM####), with the last four digits being the batch number within a given month.
