BSI-400

High Foaming Acid Cleaner

A high-foaming, heavy-duty liquid cleaner ideal for rapid soil attack and easy rinsing. BSI-400 is an acid based, phosphoric cleaner for inorganic soils. Good for scale and deposit removal, and shining stainless steel surfaces. May be used in foaming units in all departments of meat, poultry and general food processing plants.

The chemical composition of this product may cause the color to fade over time. Color fading will not impact the effectiveness of this cleaner.

Recommended for use: equipment, walls and floors.

DILUTION RATIO: 2 to 8 ounces per gallon of hot water (adjust as needed)

REORDER: BSI4001, BSI4002, BSI4003, BSI4004
