TECH SHEET

BSI-225

High Foaming All-Purpose Neutral Cleaner

BSI-225 is a high foaming, all purpose cleaner, degreaser, and foaming additive which contains no phosphates or VOCs. It produces a high stable foam for removing soils, especially in hard to reach areas. Works in all water conditions, no additional additives needed.

Recommended for use: BSI-225 may be applied by brush, through a foaming device or by soaking on equipment, utensils, walls, and floors in all departments of meat, poultry, dairy and general food processing plants.

DIRECTION FOR USE: CLEANING: Rinse area to be cleaned with hot water (100°F-140°F) to remove gross soil. Dissolve 1 to 4 ounces of BSI-225 per gallon of hot water (100°F-140°F). Apply with brush, spray, through a foaming device or by soaking, and let stand. Thoroughly rinse with potable water to remove all residue. **FOAMING ADDITIVE**: BSI-225 can be used as a foaming additive for acid, caustic, or chlorinated caustic cleaners at 1 to 4 ounces pergallon of solution. When using as a foaming additive, only add BSI-225 to water diluted acid, caustic, or chlorinated caustic products. Mixing of undiluted BSI-225 with other chemical products can create unsafe conditions.

REORDER: BSI2252, BSI2253, BSI2254

CONFIGURATIONS:

- 4 x 1 Gallon Bottles
- 5 Gallon Pail
- 55 Gallon Drum
- 275 Gallon Tote

COMPATIBLE EQUIPMENT:

MD20001, MD20001-75, MD20003, MD20006, MD20008, MD20009, MD20010-15, USP20068, USP20084-89, SS20003, MD20016, MD20018, USP20218, USP20220, USP20221, USP20109
