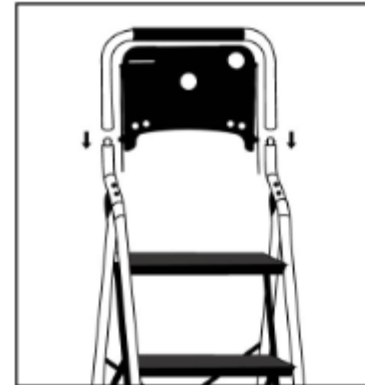

Figure1

INSTALLATION STEPS:

- Attach the top bar to the lower part of ladder body. See Figure 2

Figure 2

- Attach the handrails by lining up the bottom hole in the handrail with the bottom hole in the frame of the ladder, insert the bolt through the handrail and frame, place the washer and nut on. Do not tighten. See Figure 3

Figure 3

- Line up the hole in the top of handrail with the hole in the top of the ladder frame, you may need to push and /or pull on the handrail to get the holes to line up. Insert the bolt through the handrail and frame, place the washer and nut on, then tighten. Finish tightening the bottom nuts and bolts. See Figure 4a & 4b.

Figure 4a

Figure 4b

INSTRUCTIONS FOR USE:

- Unfold the ladder by pushing down on the top pedal, until the bar on the back frame get stuck in the slot of the pedal.
- To fold the ladder, pull the top pedal up forcefully.
