

Quiet Power Safe Cleaning

Efficient air gun for cleaning
hard-to-reach areas.

OSHA Safety Air Guns

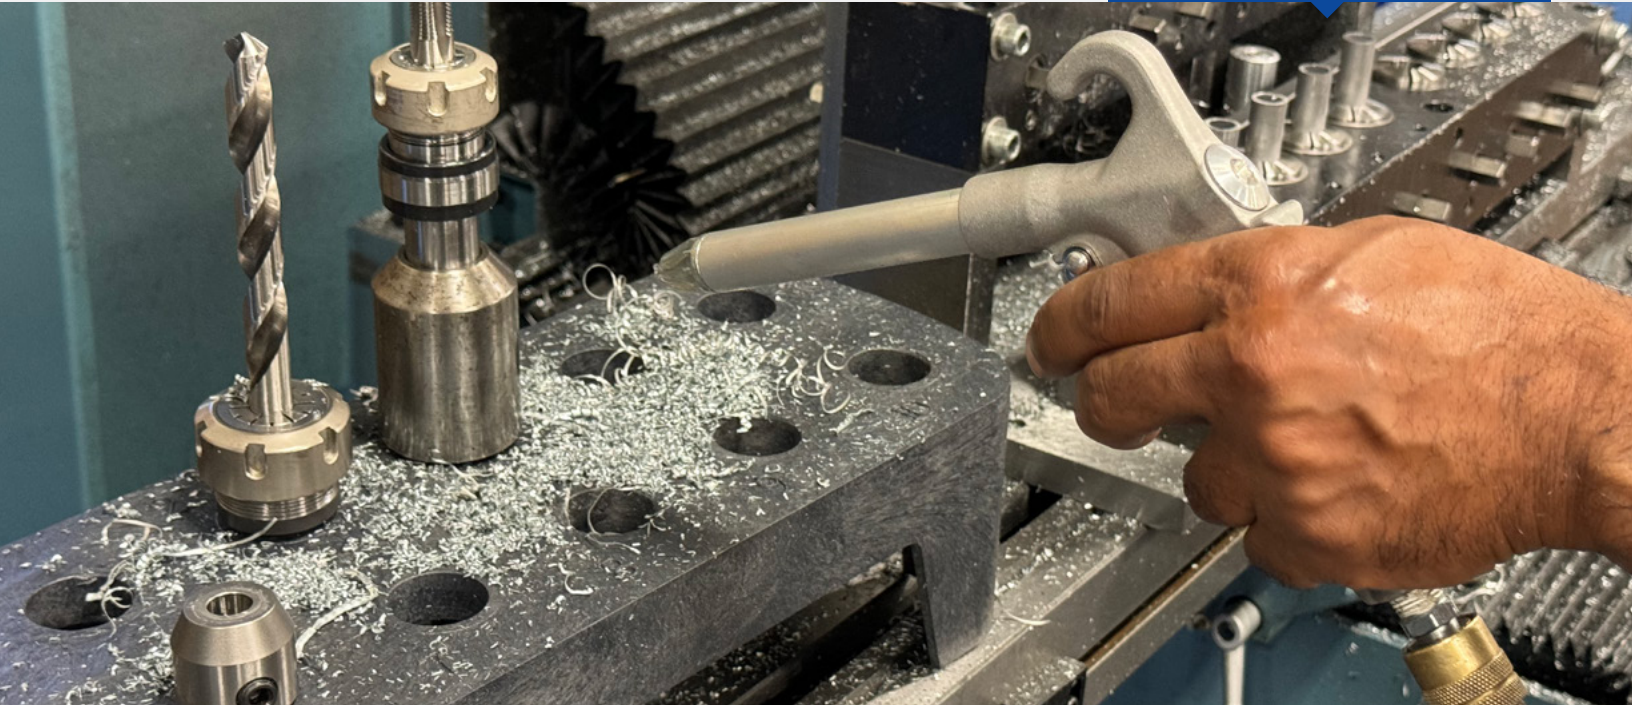

All Guardair Safety Air Guns are designed with nozzles that meet or exceed
OSHA STANDARD 1910.242(b) 30 psi requirement.

80LJ WhisperJet®

WhisperJet Safety Air Guns combine effective cleaning with low-noise operation, thanks to their unique nozzle design. Ideal for noise-sensitive environments, these air guns offer powerful thrust while keeping sound levels low. The perfect tool for cleaning inaccessible and hard-to-reach areas. Ergonomic, Classic+ pistol grip-style handle provides maximum user comfort.

- 18 CFM Compressed Air Usage
- 6.4 HP Minimum Compressor Size
- 88 dBA Noise Level
