

PRODUCT SPECIFICATION REPORT

Formula 9862 is an alkaline, hot vat cleaner effective at removing grease, oil, rust and paint.

FORMULA 9862™

Powdered Alkaline, Hot Vat Stripper

PROD. #0627

FEATURES/BENEFITS:

Highly Aggressive	Formula 9862 removes a variety of soils such as paint, primer, baked-on carbon and grease and oil.
Adaptable	This product is effective in hard or soft water conditions.
Economical	Formula 9862 may be used at a dilution rate of ½ - 1 lb. per gallon of water.
Biodegradable	All detergents used in the manufacture of this product are biodegradable.

NOTE: Not for use on soft metals, such as aluminum, magnesium, or galvanized metals. Damage will occur. Not for use in spray cabinets.

APPLICATIONS:

Ideal for use in a hot vat or tank to remove rust, grease and grime. It is particularly useful in automotive garages, machinery rebuilders, heavy equipment rebuilders, maintenance garages and industrial heating and air-conditioning rebuilding.
