

EAN:	4013288014405	Size:	25x7x7 mm
Part number:	05056662001	Weight:	4 g
Article number:	853/1 TZ ACR PH	Country of origin:	CZ
		Customs tariff number:	82079030

- For Phillips screws
- ACR® (anti cam-out feature) to prevent any slipping out of the screw head
- Torsion zone for absorption of peak loads
- Enhanced service life of the bits
- Tough for hard materials
- 1/4" hexagon drive (Wera connecting series 1)

High quality bits with Torsion zone: where kinetic energy is diverted from peak loads. This greatly extends the product service life. Come with rough ribs (anti cam-out feature, ACR®). Tough viscous, for universal use; 1/4" hexagon, suitable for holders as per DIN ISO 1173-D 6.3.

ACR® Bits

ACR® stands for "anti-cam-out ribs". ACR® bits have ribs at the drive tip that protect against slipping out of the screw head. It is recommended that ACR® bits are matched with ribbed ACR® screws for maximum effect. ACR® is a registered trademark of Phillips Screw Company.

TZ-Bits

TZ-Bits are tough bits with a torsion zone. Torsion bits absorb the damaging peak torque loads in the torsion zone. This prevents premature wear and enhances the service life of the bits.

Tough bits

Tough Wera bits prevent the tip from breaking prematurely. Z-bits usually are the bit for universal screwdriving applications.
