Jones Stephens Steel Nipple Caddy is the organized professional's choice. Carry two popular nipple sizes in one caddy 1/2' and 3/4". Our Nipple Caddie features heavy steel construction with baked enamel finish for durability and long life. Metal push away foldover handles to allow increased access to the tray for fast time-saving work. Our Combination Nipple Caddy holds 39 1/2" nipples and 33 3/4" nipples (close through 6") in slotted sections right where you need them.

- Keep your fittings organized and ready.
