LIMITED WARRANTY: Philips warrants that this bulb will be free from defects in material and workmanship and will operate for 5 years based on up to 3 hours average usage per day/7 days per week, when used as directed.¹ If this bulb does not conform to the warranty, Philips will send you, at its election, a replacement bulb or refund your original purchase price upon receipt of the returned bulb, register receipt and proof of purchase. Please call our toll-free number, write to Philips or send an email at the website below to find out how to return the bulb. This limited warranty does not cover bulbs subject to accident, neglect, abuse, misuse or acts of God. REPLACEMENT OR REFUND IS YOUR SOLE REMEDY. EXCEPT TO THE EXTENT PROHIBITED BY APPLICABLE LAW, ANY IMPLIED WARRANTIES ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY. LIABILITY FOR INCIDENTAL OR CONSEQUENTIAL DAMAGES IS HEREBY EXPRESSLY EXCLUDED. Some states do not allow exclusion of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

NOTES: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This Class B digital apparatus complies with Canadian ICES-003.

¹For Professional, Industrial/Commercial Customers and applications, the warranty period is based on lamp operation of 12 hours a day/7 days a week. See insert for full details and restrictions.

*At $0.11 per kWh, this 2 watt, 220 lumen A15 LED uses $3.30 of electricity over its 15,000 hour life. This is a $37.95 savings when compared to the $41.25 required to run a 25 watt, 210 lumen, A15 incandescent over the same period. Actual savings will vary depending on cost per kWh.

**LED lifetime means the length of time (in years) until half of the LED light sources maintain at least 70% of their initial lumen output (B50,L70), where the lamp is used on average 3 hours/day.

WARNINGS AND CAUTIONS: This device is not intended for use with emergency exit fixtures or emergency lights. Risk of electric shock – Do not use where directly exposed to water. Before replacing, turn off power and let lamp cool to avoid electrical shock or burn. Only install in operating environments between –4°F and +113°F (-20°C and +45°C).

PRECAUCIONES/ CUIDADOS: Este dispositivo no está diseñado para usar como iluminación de emergencia o dentro de luminarios de señalización de salida de emergencia. Riesgo de choque eléctrico – No utilizar con agua. Antes de reemplazar, apague la corriente eléctrica y enfríe la lámpara para evitar un choque eléctrico o incendio. Solo instalar en ambientes entre -4 grados F y + 113 grados F (-20 grados Centígrados y 45 grados C.)

SUITABLE FOR WET LOCATIONS
