Miller® Titan™ II

Fall Protection Kit, includes Universal Full-Body Harness (T4500) and 6 ft Shock-Absorbing Webbing Lanyard (T5112)

- Adjustable harness with universal fit ensures a secure and comfortable fit for all users
- Durable construction made from lightweight polyester webbing for long-lasting use
- Hi-viz webbing improves visibility for added safety on job sites
- Enhanced safety features include a sliding back D-ring and sub-pelvic strap to prevent roll-out during falls
- Shock absorbing 6FT lanyard reduces impact forces during fall arrest
- Meets OSHA and ANSI standards for workplace safety
- Supports up to 400 lbs, accommodating a wide range of users
- Ideal for construction, manufacturing, and other industrial applications
