

8767 A VDE HF TORX® Zyklus Bit socket, insulated, with 1/4" drive, with holding function, TX 20 x 46 mm

EAN:	4013288233752	Size:	153x120x18 mm
Part number:	05005922001	Weight:	28 g
Article number:	8767 A VDE HF	Country of origin:	CZ
		Customs tariff number:	82079030

VDE 1/4" bit socket with holding function for TORX® screws for particularly comfortable screwdriving thanks to a reduced risk of losing the screw when feeding it into the workpiece. With increased safety thanks to the yellow insulation core, which becomes visible if the outer red VDE insulation layer is damaged. Individually tested tools as per IEC 60900 at 10,000 V for safe working at the approved voltage of 1,000 V.

Bit sockets with holding function for TORX® screws

The HF tools developed by Wera are ideal because they feature an optimised geometry of the original TORX® profile. The wedging forces resulting from the surface pressure between the drive tip and the screw profile mean that TORX® screws made according to Camcar Innovations, Michigan, USA specifications are securely held on the tool!

Individually tested

The individual testing at 10,000 volts, in accordance with IEC 60900, ensures safe working with loads up to 1,000 volts.

Increased safety

The Zyklop sockets and extensions for electricians offer increased safety thanks to their 2-component insulation with a yellow insulation core under an outer red insulation layer.
