Replacement keys may be ordered using the code that appears on the face of the lock.

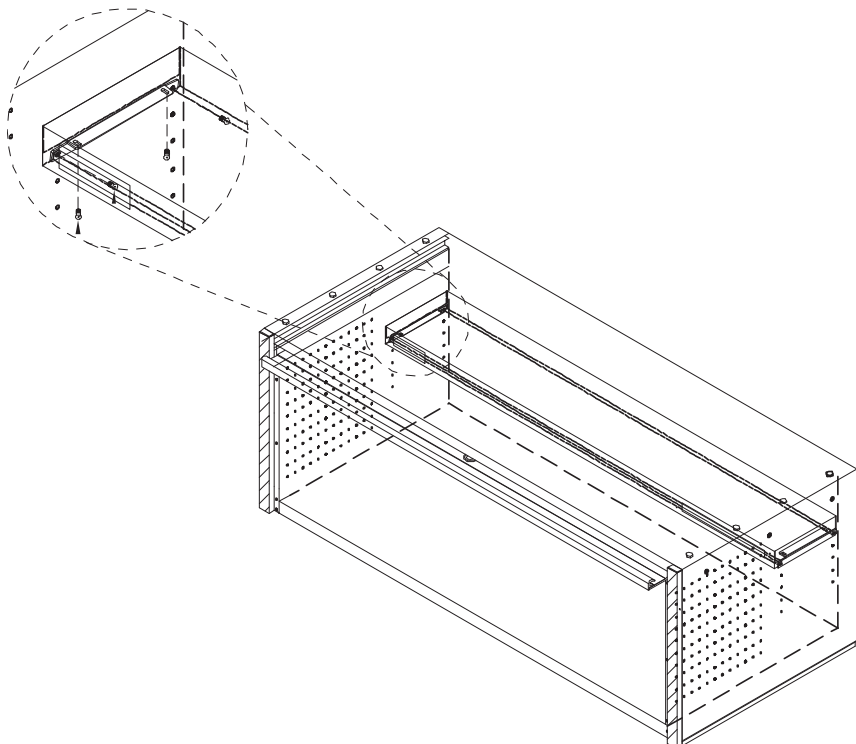

To order replacement parts, have the part number and quantity ready.

Not all parts are available under warranty. Those parts not available may be purchased.

Assembly

Shelf Installation

Place the shelf at the desired height. Insert the M6 x 12 hex bolts into the holes in the side panels. Tighten securely.

Maintenance

Clean lid, trim, handle and other surfaces with a mild detergent and water.

Grease and oil can be removed with most standard cleaning fluids. For safety, use a nonflammable cleaning fluid.

Safety

WARNING

Lock the door before moving this product. The door could come open and make the product unstable and tip, which may cause personal injury or product damage.

DO NOT stand or lean on this product.

DO NOT mount this product on a truck bed or any other moving object. This may cause personal injury or product damage. Mounting this product to any vehicle in any manner will void warranty.

DO NOT tow with power equipment. The product could tip, which may cause personal injury or product damage.

DO NOT alter this product in any manner. For example, do not weld external lockbars or attach electrical equipment. This may cause product damage or personal injury.

CAUTION

The maximum weight for the shelf should be no more than 200 lbs.

Secure this product properly before moving it with a forklift.

Keep the product on level surfaces. The product could become unstable and tip if stored or moved on an uneven surface, which may cause personal injury or product damage.

IMPORTANT: THE DOOR MUST BE CLOSED AND LOCKED USING KEY BEFORE MOVING.
