The **NEW** HydroVac Pro System!

HydroVac Pro System
SS HPS 20

Floorcare Just Got Simpler!

Introducing the powerful new HydroVac Pro attachment—designed to work with your Pivot floor machine to both lay down solution, as well as clean up the slurry left behind! This reduces the floor cleaning process down to a single step, saving you time and energy! Built for performance, efficiency, and ease of use, HydroVac Pro will transform the way you clean.

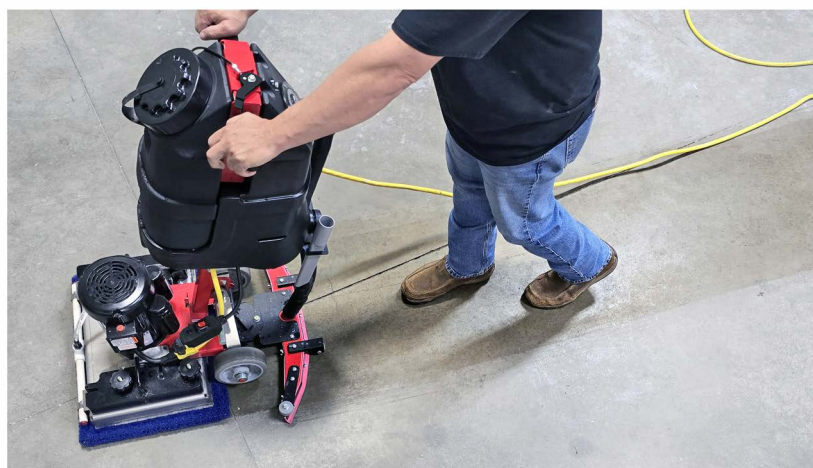

Not for chemical stripping, dry stripping or sanding.

Key Features:

- **2 Gallon Solution Tank** – Delivers the right amount of water or chemical for thorough cleaning.
- **2.5 Gallon Recovery Tank** – Collects dirty solution with ease, keeping your workspace clean and dry.
- **24" Squeegee** – Provides wide coverage for faster, streak-free recovery.
- **Gravity-Fed Solution Delivery** – Reliable, simple flow system with no extra pumps required.
- **Solution Release Lever** – Conveniently positioned on the handle for effortless control.
- **High-Powered Performance** – 30" water lift and 90 CFM ensure maximum suction and solution recovery.
- **Energy Efficient** – Operates on just 5 amps for powerful results with minimal draw.
- **Versatile Compatibility** – Designed to fit 18" and 20" Pivot models, as well as the Pivot Lite.

Use only mild detergents!

Not designed for chemical strippers!
