

HOLDING
FUNCTION

TAKE IT EASY
TOOL FINDER

EAN:	4013288185716	Size:	92x45x21 mm
Part number:	05003725001	Weight:	25 g
Article number:	8790 HMA HF	Country of origin:	CZ
		Customs tariff number:	82042000

- Socket (non-impact) for manual or power tool operations
- The holding function holds screws securely on the tool
- With Take it easy tool finder: colour coding by size
- Chrome vanadium steel, matte chrome-plated
- Equipped with ball stop groove, knurling at lower end for better gripping

Zyklop socket with 1/4" drive and holding function for extremely convenient screwdriving with reduced risk of losing the screw when addressing the workpiece. Take it easy Tool Finder with colour coding according to size - for simple and rapid accessing of the required tool. Featuring a good grip to allow easy pick-up even with oily hands. Ball stop groove, for hex head bolts and nuts; chrome vanadium steel, matte chrome-plated.

Sockets with retaining function for hexagon headed bolts, screws and nuts

The holding function holds screws securely on the tool

The clamping of the screw is achieved by a twin spring loaded ball retention system. The tubing is effectively protected against mechanical wear and tear by a steel ring. The holding function is especially helpful in confined, hard-to-reach spaces, where there is no room for a second hand to secure the screw.

Take it easy tool finder system

Take it easy tool finder system - with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).

Manual and machine sockets

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.
