

**Adapter kit**  
**HAPG-SD2-13**  
Part number: 187567

**FESTO**

**Data sheet**

| Feature                          | Value                         |
|----------------------------------|-------------------------------|
| Type code                        | HAPG                          |
| Mounting position                | Any                           |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress |
| Note on materials                | Free of copper and PTFE       |
| Plate material                   | Wrought aluminum alloy        |
