

# Sensor bracket SIEZ-8M-200

Part number: 551406

FESTO

## Data sheet

| Feature                          | Value  |
|----------------------------------|--|
| Type code                        | SIEZ   |
| Type of mounting                 | Screwed tightly<br>With through-hole         |
| Max. tightening torque           | 2 Nm   |
| Information on materials         | Wrought aluminum alloy<br>Steel<br>TPE-U(PU) |
| Corrosion resistance class (CRC) | 2 - Moderate corrosion stress                |
