

# Fluid connector set SASA-FW-A-32-TG12

Part number: 8036891

FESTO

## Data sheet

| Feature                          | Value                              |
|----------------------------------|------------------------------------|
| Type code                        | SASA                               |
| Corrosion resistance class (CRC) | 3 - High corrosion stress          |
| Note on materials                | RoHS-compliant                     |
| Information on materials         | EPDM<br>High-alloy stainless steel |
