Product Information

In a market full cheap tailgate bars that don't last but a few months, RSL has released an extremely Heavy Duty and durable tailgate light bar that has some amazing features that you will provide maximum safety in your rear, and give an extremely stylish look. This Triple row series light bar has a row of red diodes, amber diodes, and white diodes. The Red diodes are controlled for running and brake. The white diodes function on reverse, and the Amber does a sequential running left and right turn signal. Giving you 3-colors, and 5-functions in an IP68 completely water and dust proof bar. If you are looking for a tailgate light bar that will last in rough environments, and give you maximum functions, look no further.
