

NEW AND IMPROVED!

Wireless Ledge for Floor Stand Courtesy Charging Stations

The Wireless Ledge adds two charging points to any “Standard” or “Deluxe” model M8 Floor Stand Courtesy Charging Station.

Newly redesigned and improved, it now offers two drop-in wireless charging pucks with a slightly raised surface and built-in magnetic alignment. This makes it easier for users to locate the precise spots to place their phones and provides an extra measure to help keep magnetic-compatible phones in place on the platform.

FEATURES:

- Sturdy acrylic and aluminum construction
- Easy installation and setup
- Works with existing floor stands
- Available with standard or custom graphics
- Wirelessly charges any Qi-compatible device
- Magnetic alignment feature assists users in positioning their compatible phones and helps keep compatible phones in place on the platform (iPhone 12 and later)

SPECIFICATIONS:

- Total dimensions: 18” x 9.16” x 1.25”
- Platform dimensions: 18” x 6”
- Weight: 4 lbs.
- Wireless charging pucks: 2, 15W, Qi-compatible
- Compatibility: All KwikBoost M8-series floor stand courtesy charging stations
- Certifications: FCC

Outside of these user-friendly upgrades, it features the same durable construction, easy attachment, and customizable graphics as the original, making it the perfect upgrade to any M8 stand that you currently own or plan to purchase.
