

The Tranquility Modular Wall

Bring some Tranquility to your workspace.

Luxor's Modular Wall line, Tranquility, is meticulously engineered to optimize peace and quiet, offering you the versatility to craft serene or restorative environments that cater to your team's needs.

Building from Luxor's 75-year legacy of workplace innovation, Tranquility is designed for effortless reconfiguration and adaptability to your team's dynamic workflow. Featuring plush, modular panels with Luxor's highest sound absorption rate to date, Tranquility empowers you to effortlessly build tranquil spaces tailored for focused work, whether it's for quiet contemplation or confidential meetings. Regardless of your configuration preferences, Tranquility creates a comfortable setting that is perfect for concentration, collaboration, or relaxation.

Benefits:

Maximum Sound Absorption:

Plush panels with maximum noise cancellation and an NRC greater than industry standard 0.85 enhance concentration and well-being.

Flexible & Calming Design:

Modular components and design-forward panel styling provide a calm atmosphere that fits seamlessly into any office environment.

Strong and Sophisticated:

Tranquility Modular Walls are designed for durability in challenging work settings, featuring simple assembly and rugged, minimalist, and lightweight frames for easy rearrangement.
