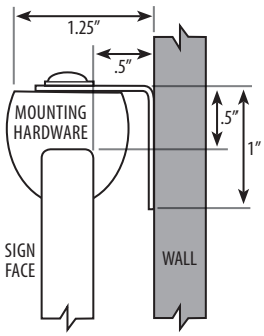
Arrows to be applied in the field.

Channel Bracket



Features

Utilizes Advanced Photoluminescent Technology®

- No maintenance required - no batteries or bulbs to replace
- Zero energy consumption and intrinsically safe
- Safe, environmentally friendly, non-toxic, non-radioactive
- Designed for surface, flag and ceiling mount
- Thin, low profile construction, tested and approved for low location
- Can be used for both high level and low level applications
- May be safely disposed of in sanitary landfill or by incineration
- No heavy metals or radioactive materials used in manufacture of this product; easily cleaned and corrosion resistant
- Suitable for clean room applications, waterproof and non-explosive
- Operating temperature: -40°F to 160°F

Technical Information

- Standard 50 foot – 8.5" x 15.75"
- Deluxe 100 foot – 8.5" x 17.125" (rated for outdoor and wet location usage)
- Low Light - 1.3 foot candle (fc) rated (patented)
- Background: Brushed aluminum, green, black, red, or photoluminescent
- Lettering: Photoluminescent with colored border or red/green letters
- Visibility: 50 feet or 100 feet
- Directional: Chevron kit included (Field Applied)

Longevity

- 25 years guarantee (lifetime expectancy)

Power Requirements

- No electrical source required

Installation

Surface, flag or ceiling mounts included with clear/mirrored background sign. Before installation it must be determined that there is a minimum of 5 fc* of any light source including LED, incandescent, fluorescent, etc. (Deluxe sign is approved for outdoor usage - natural light is acceptable.) Interchangeable modular ceiling drops with ceiling mounts.

Anodized aircraft grade aluminum with matte finish. Interchangeable and modular so you can combine multiple drops to any desired length. Integrates with ceiling mount channel bracket.

Applications

- Both high level and low level approved
- Suitable for floor proximity installation
- Channel Bracket with wall mounting options and modular ceiling drops

Approvals

- Meets NFPA Life Safety Code 101 and OSHA
- Meets International Building and Fire Codes
- Listed through UL 924 for the USA and Canada

* 1.3 fc acceptable for low light sign option.
