

Morcon Kicks It Up a “Notch”

Our high capacity 800' controlled Y-Notch and I-Notch towel options reduce maintenance and offer the quality and strength needed to provide a satisfactory hand-drying experience. When combined with controlled roll towel dispensers, these four roll towel products offer the benefits of waste reduction and cost savings for your business.

Need a dispenser?

We can help with that too! Ask about our new **Y2600** or **I8000** systems for the Y and I notch towels respectively.
