Professional™

Febreze® Professional™ Sanitizing Fabric Refresher

Soft surfaces that can't be washed, such as mattresses and upholstered furniture, are harbors for harmful bacteria, mold and mildew. Febreze Professional Sanitizing Fabric Refresher gives you the same freshening power of Febreze PLUS the soft surface sanitization your environment needs.

* Staphylococcus aureus, Enterobacter aerogenes

Advanced technology – only from Febreze®

Leading sprays only mask odors by covering them up with perfumes. **Only Febreze Professional Sanitizing Fabric Refresher** has the proprietary technology that locks onto odor molecules and traps them for good to eliminate smells in your soft surfaces, while **killing 99.9% of bacteria** on soft surfaces and **preventing growth of mold and mildew**.

Febreze Professional Concentrated Sanitizing Fabric Refresher** kills 16 types of soft surface bacteria

S. aureus, E. aerogenes, Community Acquired MRSA, Hospital Acquired MRSA, P. aeruginosa, S. enterica, S. epidermidis, P. mirabilis, VRE, VRSA, K. pneumoniae, MDR A. baumannii, E. faecalis, NDM-1 E. coli, NDM-1 K. pneumoniae, NDM-1 E. cloacae

Find the Febreze® that's right for your needs
