

Cost-conscious *and* image-conscious?

GP PRO's Universal Paper Towel and Dispenser solutions are designed to fit every need.

**PACIFIC
BLUE** basic

(Good) Pacific Blue Basic™ paper towels are GP PRO's entry-level towels. Designed to fit into a wide range of dispensers for our most cost-conscious facilities.

**PACIFIC
BLUE** select

(Better) Pacific Blue Select™ towels are mid-range and designed to meet your need for consistent performance and good value.

Rolled Paper Towels:

Pacific Blue Select™ and Pacific Blue Basic™ Hardwound

- Available in White or Brown. Select Pacific Blue® Hardwound towels are Green Seal Certified® and engineered to be EPA-compliant for recycled fiber content.
- GP PRO hardwound towels fit in any universal dispenser
- Our hardwound towels are also compatible with the GP PRO Push-Paddle Dispenser
- A quality choice for government, public facilities and foodservice establishments

Pacific Blue Select™ and Pacific Blue Basic™ Centerpull

- Paper towel is dispensed from the center of the dispenser, and tears at a uniform sheet length
- Enclosed dispensing helps reduce waste and risk of cross-contamination
- Available in white. The towel is good for cleaning spills as well as hand drying.
- Because these towels make dispensing quick and easy, they're ideal for manufacturing, education and high-traffic areas

Sparkle®, Pacific Blue Select™ and Pacific Blue Basic™ Perforated paper towel roll

- This towel is ideal for cleaning and wiping in foodservice, break rooms, education and lodging
- This 2-ply towel, also known as a kitchen roll towel, comes in white or brown
- Available under Sparkle® brand as well as Pacific Blue Select™ and Pacific Blue Basic™

Georgia-Pacific

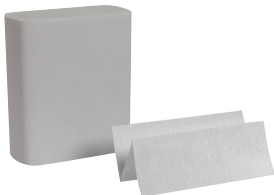

Folded Paper Towels:

Pacific Blue Select™ and Pacific Blue Basic™ M-fold

- Often referred to as a Multifold Towel (or M-Fold), this interfolded towel is usually folded into a three-panel "z" shape.
- Available in white or brown and may vary slightly in size and folds. Some Pacific Blue® M-Fold towels meet Green Seal™ Standard GS-1 and are engineered to meet or exceed EPA Comprehensive Procurement Guidelines for Recycled Fiber.
- Tail of towel is presented during dispensing, which helps improve hygiene by allowing people to touch only one towel
- 2-ply towel is soft, absorbent and perfect for quick hand drying and routine cleaning tasks
- Can be loaded in any direction
- GP PRO's M-Fold folded towels can fit in any Universal M-fold towel dispenser

Pacific Blue Ultra® BigFold®:

- Dispenses a large, fully-opened, absorbent towel one at a time; up to 50% larger than C-Fold
- Interfolded for reliable one-at-a-time dispensing, this absorbent towel helps reduce the number of towels used as well as the risk of cross-contamination
- Pacific Blue Ultra® Big Fold® outperforms C-Fold towels by helping to reduce waste and decrease costs for an economical solution you can count on
- Available in white. Towels are engineered to meet or exceed EPA Comprehensive Procurement Guidelines for Recycled Fiber, and they can help you earn LEED® credits.

Pacific Blue Select™ and Pacific Blue Basic™ C-fold

- Individually folded (not interfolded) towel; with flaps folded down into a 'C' shape
- Available in white. Select Pacific Blue® C-Fold towels meet Green Seal™ Standard GS-1 and are engineered to meet or exceed EPA Comprehensive Procurement Guidelines for Recycled Fiber.
- Available in premium paper or budget-friendly format
- A budget-friendly, quality choice for government and public facilities, office buildings, foodservice and lodging
- Works best in countertop baskets, but also works in most multifold, tri-fold or combo-folded towel dispensers

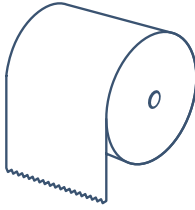

Pacific Blue Basic™ S-Fold

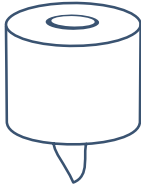

- Interfolded towel, folded once in half. Often referred to as a Single-fold towel.
- Available in white or brown. Select Pacific Blue® S-Fold towels are Green Seal Certified® and engineered to be EPA-compliant for recycled fiber content.
- Tail of towel is presented during dispensing, which helps improve hygiene by allowing people to touch only one towel
- Towel can be loaded in any direction
