

Birdy Bolts - Brass Plated - Bagged

DESCRIPTION

Black Swan's Birdy Bolts-Brass Plated are specially designed closet bolts designed to make installations of toilet bowls easy. Each bag contains two brass plated bolts with captive washers, two round washers and two open-end nuts.

Birdy Bolts have two features that differentiate it from regular closet bolts. First, the closet bolt has a captive washer which secures the bolt in an upright position. In this way the user can easily place the toilet bowl over the bolts. Second, if the closet bolt is too long the excess can be snapped off. No saw is needed to lower the height of the bolt.

DIRECTIONS

1. Place bolt into position on flange with threaded portion up.
2. Apply **Black Swan's Stay Soft Plumbers Putty** and **Black Swan's Wax or Flange & Gasket** to base of toilet bowl. Then, set the toilet down carefully over bolts so threaded portion of bolts correspond with holes in base of bowl.
3. Place loose washer on bolts and then apply hex nuts firmly but not so tight as to crack edge of bowl base.
4. Snap-off any remaining threaded portion of bolts above nuts. If desired, decorator cap can then be place over bolt and nuts.
