Power Breezer has no expertise in the disinfection of surfaces. Disinfection expertise and guidance is provided by the manufacturer of the disinfectant, the EPA and the CDC. Power Breezer does not warranty or claim the use of Power Breezer solutions on its own is effective against COVID-19. The use of Power Breezer with disinfectants MUST follow the EPA and/or CDC guidelines and the EPA registered disinfectant's label direction for use in fogging or misting. All risks related to effectivity, efficacy or harm to people or equipment are the responsibility of the user. Please note that certain Power Breezer parts have not been tested for long use with the disinfectants. These parts may be affected by the use of disinfectants and consequently may not be covered by the standard warranty.
