

Plastic Containers - Carafe Round

DESCRIPTION

Black Swan Plastic Containers - Carafe Round are a High Density Polyethylene (HDPE) bottle. These containers have a ribbed neck for better grip and the base of bottle is round with label panel. These bottles provide an excellent moisture barrier, are lightweight and rigid. They can be used to store household cleaners, ammonia, bleach, disinfectants, drain cleaners, and more. White in color. Each container comes with a childproof cap.
