

Radius gauge, for radius: 7,5-15 mm

Order data

Order number	477500 7,5-15
GTIN	4045197207364
Item class	42H

Description

Version:

Made of steel; precision **concave and convex gauges**. Flat retaining clip with clamping screws for holding the blades (except size 0.5 - 13). Each marked with the respective radius.

Application:

For checking internal and external radii.

0.5 mm increments: 7.5 - 15 mm

No. of blades for internal / external radii: 16

Technical description

No. of blades for internal / external radii	16
for radius	7.5 - 15 mm
0.5 mm increments	7.5 - 15 mm
Type of product	Radius gauge

Services

Labelling laser-etched Type	018940
