

# WATERPORT OVERLANDER 5-GALLON

ON-THE-GO SELF PRESSURIZED WATER TANK

## CONVENIENCE AND VERSATILITY

The Overlander 5-Gallon is an innovative, self-pressurized water tank. It's the first tank to feature all pressurization options: self-pressurization, pump cap, and Schrader valve. Its sleek, low-profile design makes it compatible with bed racks, roof racks, and bed rail mounts. The tank's slim build incorporates a precision-machined mounting system, enabling easy attachment and removal via the two main mounting slots. Crafted from food-grade plastic, it's ideal for various uses such as rinsing off, storing potable water, or setting up a camp kitchen.

## FEATURES:

- 5-Gallon/18.9L Capacity
- Universal mounting system
- Pump Cap, Schrader valve and pressure regulator (self pressurization)
- CNC machined mounting brackets
- 8 Ft Hose
- 5- Pattern High pressure spray nozzle
