

PIG® TuffGrit™ Modular Anti-Fatigue Drainage Mat

FLM8500 Wet Applications, Base: Nitrile Rubber/Top Coat: Aluminum Oxide and Proprietary Sealant, 3' x 3' x 0.625"

Grit so tough it lasts 6X longer! The TuffGrit™ surface on our Modular Anti-Fatigue Drainage Mat easily outlasts the competition, providing long-lasting traction in areas with high volumes of water or oil.

- Proprietary TuffGrit™ coating is incredibly durable and abrasion resistant; lasts up to six times longer than the leading competitor's grit coating
- Exceeds ANSI standards for high slip resistance, providing extreme traction even in wet or oily environments
- Engineered to leave no grit behind; safer than other mats that gradually lose their grit -- and their effectiveness -- over time
- Large drainage holes channel liquids away from surface to prevent pooling and minimize slip hazards
- Modular design lets you attach multiple 3' x 3' mats (sold individually) to create custom layouts (See Resources & Downloads tab for common configurations and components list)
- Heavy-duty nitrile rubber construction resists a wide range of oils and industrial fluids
- Anti-fatigue properties relieve stress on knees, feet, ankles and back from extended standing
- Add Beveled Edges (sold separately) for safe transitions on and off mat

Item#	Description	Dimensions	Weight
FLM8500-3X3T-BK	3' x 3'	3' W x 3' L x .625" H	18.5 lbs.

Metric Equivalent:

Item#	Description	Dimensions	Weight
FLM8500-3X3T-BK	3' x 3'	91cm W x 91cm L x 1.6cm H	8.4 kg

Specifications

Style	Modular
Dimensions	3' W x 3' L x .625" H
Chemical Contact	For Light Chemical Splash
Oil/Grease Contact	For Heavy Oil/Grease Contact

Anti-Slip	Yes
Application	Wet Applications
Beveled Edge	No
Brand	PIG
Drainage Holes	With Holes
Grit Surface	Yes
Safe for Welding Areas	No
Static-Dissipative	No
Sold as	1 each
Weight	18.5 lbs.
# per Pallet	56
Composition	Base: Nitrile Rubber Top Coat: Aluminum Oxide and Proprietary Sealant
UNSPSC	52101510

Metric Equivalent

Weight	8.4 kg
Dimensions	91cm W x 91cm L x 1.6cm H
