

PIG® Oil-Only Barrel Top Absorbent Mat

MAT1503 Heavyweight, For 55 gal. drums with 2 bungs (.75" Dia. and 2" Dia.), 25 pads per box

Absorb oil that drips, leaks or spills from your pump onto the top of your dual-bung drum using these perfect-fit mat pads.

- Keep the oil in 55-gallon drums from making a mess
- Drum pads are made to fit around both bungs of any standard 55-gallon steel drums and to catch oil drips during and after pumping
- Heavyweight mats are built to last without ripping, tearing or falling apart, even when saturated
- Soak up any fuels, oils or oil-based liquids; oil-only mats do NOT absorb water
- Box can be conveniently wall-mounted to make storing and dispensing easy; wall-mount hardware not included
- Can be wrung out and incinerated after use to reduce waste or for fuels blending
- Mats take on the properties of absorbed liquids; always take proper precautions when handling saturated absorbents
