Infection Prevention Stand #350311

The Infection Prevention Stand is sold in conjunction with infection organizers. The stand has a weighted base to provide a low center of gravity within a small footprint. The stand comes with a 5" x 13" platform to mount an assortment of organizers. Dual Lock is provided to secure the organizer to the platform. Example of items that can be secured to the platform are – 304000 Sanitation Station, 304005 Infection Prevention Station, 304006 Hygienic Station, 304007 Glove and Mask Station, 304100 Single Tier Suture Rack, 304101 Double Tier Suture Rack, 304102 Triple Tier Suture Rack and 304200 Face Mask Holder. The column can also support the addition of baskets. The 350002 Transport Basket and the 350005 Wire Basket can be secured to the column for supplemental storage. Organizers and baskets are sold separately.
