

OMNIMED Wired Glove Box Holders

Improve business efficiency • Improve employee workplace safety • Improve patient care & management

Economy Wire Glove Box Holders (New Double & Quad Style)

Omnimed wire glove box holders are constructed of heavy gauge steel wire that is powder coated for a durable and easy to clean finish. They are ideal for use in medical, lab and food prep functions or any area where cross contamination is an issue or protective gloves are needed. These glove box holders are simple to load and clean. Each unit can be mounted vertically or horizontally on a variety of surfaces. These units include a limited 5 year warranty.
