

Wall Guard

WHITE / BLACK / SATIN

General Description

- Designed to shield your wall from the excess moisture that can be blown off wet hands by the power of our high-speed electric hand dryers.
- These wall guards mount directly below the hand dryers using only the enclosed adhesive strips, without the need to drill holes.
- Featuring Microban® technology, white and black antimicrobial guards inhibit the growth of bacteria that can cause stains on walls or surfaces over time.
- The wall guard is easily wiped down and they assist maintenance personnel in preserving the appearance and cleanliness of your restroom facilities.
- Finishes include: white Microban® anti-microbial plastic, black Microban® anti-microbial plastic, stainless steel.

Components & Materials

- WHITE:** 1/16" (1.5 mm) thick steel wall guard, white Epoxy painted with Microban® anti-microbial.
- BLACK:** 1/16" (1.5 mm) thick steel wall guard, black Epoxy painted with Microban® anti-microbial.
- SATIN:** 1/16" (1.5 mm) thick stainless steel wall guard, satin finish.

Technical Specifications

Dimensions: 15 3/4"W x 31 3/4"H x 1/16"D (400x807x1.5mm)

Thickness: 1/16" (1.5 mm)

Installation

- Clean wall with Isopropyl Alcohol prior to installation and make sure the surface is dry and free of debris.
- Remove one strip and apply double-sided tape to the textured side of Splash Guard until all four strips are installed. See illustration for details.
- Adhere to the wall beneath hand dryer.

Guide Specification
