

TOP & SIDE DRIVING CARTON SEALER

MODEL CS-5050B

sealersales

Value Unit - Excellent for Heavier Cartons

- Simple to use
- Quick manual adjustment for various box sizes
- Side pressure rollers to close box top
- Two top and two side belts for positive feed
- Plug and Play - Includes conveyors and casters
- Optional 3" tape head available

Unlock seamless carton sealing with our **CS-5050B** featuring four belt (top and side) drive belt design. The operator simply folds the top flaps of the corrugated carton and feeds it into the machine. The CS-5050B applies a single tape to both the top and bottom of the box simultaneously. The CS-5050B can easily be adjusted to process a different size carton. Excellent for heavier boxes. Our carton sealers offer reliable, cost-effective solutions that deliver significant savings to your production process.

Experience thoughtful design with carton sealers – tailored for your convenience. The sealer comes complete with infeed/exit conveyors, casters, and power cord, providing you a plug and play system. Enjoy flexibility with your box sizes – easily adjust for different box widths in seconds. Elevate your packaging process with the features of our carton sealers, designed to make sealing cartons a breeze.
