Mobile Mini-Case, Locking Doors w/ Shelves, Grey Nebula Riser, Platinum Frame

Secure valuable items with this compact, enclosed mobile storage unit with locking doors. Shelving provides quick access to smaller, bulky items. The addition of a 1.25-inch-thick top riser shelf makes this unit an ideal multipurpose receiving cart, manufacturing processing cart and/or shipping order processing cart. The high-density particle board riser shelf laminated in grey nebula (color) with T-molding rises six inches above the domed top. Durable construction includes end panels made of 18-gauge 1-inch square tubing welded flush to an 18-gauge end panel. The inside of each end panel is reinforced by 22-gauge hat channels which ensure shelf strength. An 18-gauge steel construction base squarely supports the unit's weight and contents. Base shelf is attached to both end panels using 4 machine screw fasteners. Two grommet holes (a lower and upper) are punched for convenient wire management and electronic storage. Casters are 4 inches in diameter, with 2 locking. Platinum powder coat finish. Dimensions: 19" D x 21" W x 37" H
