

MFR Model Number: 310115000PPMAPPCLR

Mobile Mega-Case, Open Faced w/15 3" Clear Totes, Fusion Maple Riser, Platinum Frame

This large, open-faced mobile storage unit with removable totes and a 1.25-inch-thick top riser serves as a versatile receiving cart, manufacturing processing cart and/or shipping order processing cart. The high-density particle board riser shelf laminated in fusion maple (color) with T-molding rises six inches above the domed top. Three columns of 5 (15 total) standard-width 3-inch-high totes in clear, virtually indestructible plastic are ideal for component (small) part storage, PPE storage and office supply storage. Each tote slides completely out for portability. Unit is durably made with 18-gauge solid end panels reinforced by 22-gauge hat channels that ensure reliable tote rails. Domed top is 18-gauge formed and welded steel construction. An 18-gauge steel construction base squarely supports the unit's weight and contents. Two grommet holes (a lower and upper) are punched for convenient wire management and electronic storage. Casters are 4 inches in diameter, with 2 locking. Platinum powder coat finish. Dimensions: 19" D x 43" W x 37" H
