

Technical Sheet

Product

CIRCULAR SAW & CHOP SAW WHEELS

Type 1 Chop Saw Wheels Fiberglass Reinforced

1. Description of Product

Dimensions(in):	14" X 1/8" X 1"
Max RPM:	4,365
Abrasive:	STEEL STAINLESS STEEL
Line:	ULTICUT
Part Number:	AU1-11401191

1. Application

- Ultra-thin design for minimal material loss.
- High grain concentration for aggressive cutting action and smoother running wheels.
- It can be used on a stationary machine.

2. Operating instructions

- For use on a chop saw machine.
- Can be mounted on medium power machines up to 5 HP.
- Mount the disc and let it spin for a few seconds to check that it is not damaged.
- Do not use excessive pressure.
- Excessive pressure can cause breakage or decreased performance.

3. Safety information

- Never exceed the maximum speed mark recommended on the product.
- Use of proper PPE Safety equipment suggested (gloves, hearing protection, respiratory protection, safety glasses)
- Improper use can cause severe injury
- Always use a safety guard

- Discard the machine before mounting and dismantling the disc.
- Do not apply a wet disc for use. Keep the disc away from water.

4. Handling

- If the product appears to be damaged do not use it.
- If the product is dropped and cracked do not use it.
- Handle discs with care to prevent bumps or drops, otherwise, they won't be mounted.

5. Storage

- Store discs flat
- Store discs in a dry temperate condition
- Do not store in overly humid or wet conditions

6. Packaging units

- Box Quantity: 10
- Case Quantity: 20
