

BREAKTHROUGH® CLEAN TECHNOLOGIES CLP QUICK WIPES

Breakthrough® Clean Technologies CLP Quick Wipes is a cleaner, lubricant, and protectant wipe designed to clean and protect against rust and corrosion. Formulated from the same chemical platform as our flagship Military-Grade Solvent, and High-Purity Oil, our CLP Quick Wipes are odorless, non-toxic, non-staining, and eco-friendly. The 100% synthetic base oil will provide exceptional protection across a wide range of temperatures and superior resistance against extreme pressures. This low-viscosity solution penetrates deep into metal pores to loosen stubborn dirt, grime and other contaminants and leaves behind a protective film that seals out moisture and prevents metal-to-metal contact. Safe for use on all surfaces including metal alloys, polymers, and finished stocks.

- Perfect for quick field applications
- Cleans, lubricates, and protects against rust and corrosion
- Eliminates moisture and removes fingerprints
- Odorless, non-toxic, non-staining and non-carcinogenic
- 100% Synthetic—won't gum up or freeze in extreme temperatures
- Extra durable wipes that won't tear during cleaning

TEST	ASTM METHOD	RESULT
Viscosity		
cst @ 40°C	D-445	22.73
cst @100°C	D-445	4.36
Viscosity Index	D-2270	69
Flash Point. °F	D-92	281
Pour Point, ° F	D-97	-54
Corrosion Preventative Test	D-665	PASS
Four Ball Wear Scar, mm (40 Kg, 1 hr. @ 1200 rpm)	D-2266	0.4128
