

4				3				2				1																																																																													
NOTES:								BILL OF MATERIAL (CURRENT LEVEL)																																																																																	
1. TO INSPECT ASSEMBLY, FOLLOW FIRST ARTICLE AND IN PROCESS INSPECTION SHEET.								ITEM PT/ASSY DESCRIPTION TYPE QTY.																																																																																	
2. APPLY LOCTITE 680.								1 13281 WATER DISPENSER BODY, HOT PART 1																																																																																	
3. CUT AND SHORTEN O-RING BY .13" TO .20" IN LENGTH BEFORE INSTALLING.								2 11836 RETAINING RING PART 1																																																																																	
4. SLIT O-RING BEFORE INSTALLING.								3 12076 WATER DISPENSER BODY CAP PART 1																																																																																	
5. APPLY LOCTITE 242.								4 50713 SPOUT, WATER DISP. (TRAD.) PART 1																																																																																	
6. CONNECT CLEAR AND RED TUBINGS TOGETHER AND WATER TEST WHOLE UNIT.								5 12077 ESCUTCHEON PART 1																																																																																	
7. BAG 92194 IN A SEPARATE BAG.								6 11733 SHELL, SPOUT, WATER DISP PART 1																																																																																	
8. REWORK CARTRIDGE ASSY IF THE HANDLE DOES NOT RETURN TO THE "OFF" POSITION AUTOMATICALLY AFTER WATER TESTING.								7 1-431 RED SUPPLY LINE ASSEMBLY 1																																																																																	
9. INSTALLATION TORQUE: 8-14 LB-FT.								8 1-432 BLUE SUPPLY LINE ASSEMBLY 1																																																																																	
10. INSTALLATION TORQUE: 78 LB-IN +/- 6 LB-IN								9 1-433 GREY SUPPLY LINE ASSEMBLY 1																																																																																	
11. LUBRICATE SPRING WITH DOW CORNING III.								10 13070 RETAINER PLATE PART 1																																																																																	
12. APPLY THIN FILM OF DOW CORNING III.								11 13289 NIPPLE PART 1																																																																																	
								12 91762 O-RING, #2-132, EP, 50 DURO - GREY PART 1																																																																																	
								13 92016 SCRW, 10-24 X 3/4 SKT HD FLT PT SS PART 1																																																																																	
								14 1-393 1-1/8 18 UNEF MOUNTING KIT ASSEMBLY 1																																																																																	
								15 92194 COUPLING, 3/8" X 1/4" PART 1																																																																																	
								16 91382 O-RING, #2- 012, TEFLON, PART 1																																																																																	
								17 91017 O-RING, #2- 012, EPDM, 65-75 DURO, NSF 61 PART 2																																																																																	
								18 91383 O-RING, #2- 014, TEFLON, NSF 61 PART 1																																																																																	
								19 98043 TAG LABEL, HOT WATER WARNING PART 1																																																																																	
								20 91023 O-RING, #2- 019, EPDM, 65-75 DURO, NSF 61 PART 1																																																																																	
								21 5-061 ADAPTER/CARTRIDGE ASSY ASSEMBLY 1																																																																																	
22 12151 HANDLE PART 1																																																																																									
23 92000 SCREW 8 - 32 X 1/8 SS PART 1
