

INSTALLATION INSTRUCTIONS
JACOBEOAN SINGLE HOLE
KITCHEN FAUCET

Model No's: 2470-5203,
2470-5303

NEWPORT BRASS
Flawless Beauty. From Faucet to Finish.™

**Congratulations on the purchase
of your Newport Brass product,
an excellent choice, that will give you
years of quality service and enhance
the look and style of your home.**

Recommended Installation by a Professional Plumbing Contractor

Note: The use of petroleum base plumbers putty on our products will nullify the warranty. We recommend the use of clear silicone sealing materials.

If mounting faucet to stainless steel rim, an under-mount support, (e.g. wood, appropriate size x 1/2" thick), should be utilized.

1. Drill hole in mounting surface. Recommended deck hole $\text{Ø}1.350''$ not to exceed $\text{Ø}1.562''$.
2. Place O-ring (2) on underside of base RING (1). **See Figure 1a.**
3. Insert Hoses through base RING (1) and hole in mounting surface. Secure into place with MOUNTING KIT (3). **See Figure 1.**
4. Attach hot/cold spout supply directly to valves in the wall. **See Fig. 2**
5. With faucet in the OFF position, open water supplies valves. Inspect connections under sink for leaks. **DO NOT** turn faucet on yet.
6. Detach AERATOR ASSY (4) from SPOUT (5), turn on faucet and flush for one minute to remove debris from lines.
7. Turn OFF faucet and reattach AERATOR ASSY (4) to SPOUT (5).
