# nLIGHT

CAT5

CAT-5e PRETERMINATED CABLE

SPECIFICATIONS

350MHz
4 Pair 24 AWG Wire
ROHS Complaint
TIA/EIA-568-B.2 Wired
UL
ETL
Plenum Rated

OVERVIEW

Utilizing pre-terminated **CAT-5e** cables is a great way to reduce labor costs. These **CAT-5e** patch cables are pre-terminated with RJ45 style connectors on both ends. All cables are plenum rated and conform to the T568B pin-pair specification. The RJ-45 terminations are unbooted (i.e. no molded strain relief) which allows for easier connection to nLight devices. Cables are available in several lengths for convenience. All cables are white and labeled "Acuity Brands Controls".
