

Battery Productivity for Medium Drain Devices Increases through the use of Duracell Ultra Power Batteries

Issue: Medium/High Drain Devices go through batteries quickly; this can increase battery spending dramatically and cause frequent downtimes to replace batteries.

Application: Duracell Ultra Power Batteries provide long lasting power for today's medium/high drain devices. Reducing the number of times workers have to leave their workspace to replace batteries, makes them more productive and cuts costs.

Recommendation: Grainger offers Duracell Ultra Power Batteries, they provide longer lasting performance, dependable service, and economical savings in a medium to high drain device.

PRODUCT FEATURES & BENEFITS:

- Ultra Power Batteries are designed for Medium/High Drain Devices.
- Features Powercheck – allows you to see the remaining power on the battery at the push of a button!
- Our longest lasting alkaline battery ever!
- Increased battery life = longer service life and less man hours replacing batteries
- Less maintenance = less downtime in your facility, increasing efficiency throughout your location
- Ultra Batteries are engineered for intermittent use, so the battery is not expelling energy when the device is off, providing longer life and increased productivity
- **10 Year Shelf Life** (each battery is *individually date coded* to ensure freshness)

Battery Size	AA 24pk	AAA 24pk
Grainger Part #	2HYL8	2HYL9
