Our **FR Leather Utility lined with Kevlar®** is made of durable goatskin leather, and reinforced by a cut resistant liner made with Kevlar® fiber. Sewn into an ergonomic, 3D performance glove pattern, it is form fit for precise dexterity and superior comfort. The wide pattern reduces hand fatigue for greater performance, resulting in increased efficiency, productivity, comfort and safety for workers.

- Meets NFPA 70e – 2012 Standard
- Flame Resistant: Exceeds ASTM F2302 & D6413 Standard
- ARC RATED 27.7 cal/cm² (HRC 3)
- Cut Resistant Palm – Rates Level 2 on ANSI/ISEA 105-2005
- 5x More Cut Resistant than Unlined Leather
- 4" Safety Cuff for Wrist Protection
- Extra Wide Pattern Reduces Hand Fatigue & Increases Comfort
- Ergonomic, 3D Performance Glove Pattern Form Fits Perfectly to Hand
- 2nd Layer Goatskin Reinforces Fingertips, Thumb & Palm, Increasing Durability
- Extra Knuckle Reinforcement Protects Against Scrapes & Bumps
- Available in Sizes Small through 2XL
