

I. Product Description

CRC Food Grade Air Tool Oil is a fully synthetic food grade oil that is formulated with the highest quality polyalphaolefin (PAO) base oil to meet the lubrication requirements of air line equipment. This NSF H1 Registered lubricant is formulated with high performance antioxidants and anti-wear additives to meet the challenges of industrial environments. This product provides lubrication for all air line equipment used in food processing plants.

II. Applications

- Air Tools
- Air Operated Processing Equipment
- Air Operated Packaging Equipment
- Air Operated Knives and Saws
- Food Processing Equipment

III. Features & Benefits

- NSF H1 Registered for incidental food contact
- Designed specifically for air line lubrication
- Protects against rust
- Provides wear protection
- Complies with FDA 21 CFR 178.3570

IV. Physical Properties

Flash Point	473°F TCC	Pour Point	-58°F
Odor	Mild	Specific Gravity	0.83
Appearance	Clear Liquid	Prop 65	No
ISO Grade	32	Sara Title III, Sect. 313 Chemicals	No
Viscosity @ 40°C	34	VOC	0%
Viscosity @ 100°C	6.33		

V. Specifications and Approvals

- NSF Registration # 144409 Category Code H1 for use in meat and poultry plants
- This product is certified OU Kosher Pareve
- This product is Halal Certified

VI. Package Description

Part Number	Container Size
04258	5 gallon pail

VII. Directions

Fill to manufacturer's recommendations.

VIII. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations.

IX. Special Use Warnings

General

Use only in well-ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short term and long term exposure, review this product's Material Safety Data Sheet.
