

Nuvi 40

The Garmin Nuvi 40 4.3 In. GPS Navigator with 48 State Map Coverage and Lane Assist provides accurate directions. This GPS features a 4.3 inch touchscreen that provides turn-by-turn navigation that speak street names. Preloaded with City Navigator NT you get advanced mapping and navigation technology that offers fast route calculations and address look ups. Lane assist with junction view allows you to navigate with confidence while Nuvi directs you to the preferred lane along with viewing images of upcoming junctions.

Get Turn-by-Turn Directions

Nuvi 40's intuitive interface greets you with two simple choices: "Where To?" and "View Map." Touch the screen to easily look up addresses and services and to be guided to your destination with voice-prompted, turn-by-turn directions that speak street names. Nuvi 40's speed limit indicator shows you how fast you can go on most major roads. With its "Where Am I?" emergency locator, you always know your location. It also comes preloaded with more than 5 million points of interest and offers the ability to add your own.

Know the Lane Before It's Too Late

Now there's no more guessing which lane you need to be in to make an upcoming turn. Available in select metropolitan areas, lane assist with junction view guides you to the correct lane for an approaching turn or exit, making unfamiliar intersections and exits easy to navigate. It realistically displays road signs and junctions on your route along with arrows that indicate the proper lane for navigation.
