

Seating Ergonomics

When you're in the market for seating, you're in the market for comfort and ergonomics. At The HON Company, we add functionality to our chairs that exceed ergonomic standards.

Seat

- Evenly distributed cushion for maximum comfort
- Seat sliders to control the depth of the cushion for a more custom fit

Lumbar Support

- Back support distributes pressure evenly in all seated positions
- Ratchet backs to allow for user defined lumbar support in some models

Tilt

- Seat moves forward when leaning back or leans back with you
- Tilt lock secures chair in the full upright position
- Tilt tension to control the rate and ease of recline

Controls

- Pneumatic height adjustment to adapt to various body heights
- 360 degree swivel for range of movement in any direction

Head rests

- Provides extra head and neck support for extended comfort

Arm rests

- Arm rests adjust in every angle to keep neck and shoulders properly aligned
